

Join us for our special NLP Master Practitioner Programme

We're delighted to be offering this unique 8-day NLP Master Practitioner Programme. It's been designed to help you enhance your communication, rapport building, coaching and leadership skills.

NLP, or the Study of Excellence, has long been recognised as a powerful personal and business development tool. In this programme we get to the heart of NLP – the modelling of excellence.

By heightening your awareness and developing an attitude of curiosity, you can learn how to model excellence, however and whenever it shows up. Modelling yourself and others means you can learn how to identify and replicate - on all levels of consciousness- the difference that makes a difference. This empowers you to fulfil your true potential and *be whatever you choose to be*.

Dates: **Module 1 – 4th to 8th March 2015 - Northampton**
Module 2 – 15th to 17th May 2015 - Edinburgh

Timings: **9.30am to 5.30pm**

Location: **The Old Dairy, Bunkers Hill Farm, Moulton Road**
Pitsford, Northampton NN69BB &
Crowne Plaza Royal Terrace Hotel, Edinburgh EH75AQ

Facilitators: **Lesley McDonald & Lisa Brice**

What can you expect to achieve?

By the end of this enriching programme you'll learn to:

- Raise your level of consciousness to develop a mastery of NLP to achieve a level of full-body integration, so that intuitively you're an example of excellence
- Identify the structure of the subjective experience to model excellence in any area or arena

- Model yourself so you can transfer excellence from one context to another and fulfil your potential
- Gain clarity of your model to the extent that you can communicate that to others so they too can create the same results
- Develop an elegant way of being that facilitates you congruently achieving your outcomes
- Connect with your unique purpose and explore ways of sharing that with others
- Develop a heightened sense of awareness so that you can become more influential of yourself and others
- Recognise the metaphors you and others live by and develop strategies to choose ones that assist you in creating the results you really want
- Embrace your personal leadership in ways that will make a real difference in all aspects of your life, personal and professional.

As part of your NLP Master's Programme you will be invited to develop your own Model of Excellence and to submit a Modelling Project. In addition to the classroom learning, we offer you two 121 coaching sessions to support you in the development of your Model.

By successfully completing this programme you will gain a NLP Master Certification, as well as powerful skills that will allow you to coach yourself and others towards fulfilling both your own and their true potential. Our trainings are tailored to reflect the individuality and uniqueness of each member of the group.

As we work together, you'll gain new insights and learning that will contribute to and enrich both your personal and business life. Imagine communicating more easily, creating more of what you really want while supporting yourself and others to be even more resourceful.

The investment for this programme is £2500 plus vat and includes full catering.
